Naša firma ponúka sádrové výrobky,
vhodné na výzdobu interiéru a exteriéru.

Vďaka dobrému znášaniu vyšších teplôt
sú vhodné aj na ozdobu kozubov.

Pre širokú variabilnosť spracovania je ponuka veľmi rozsiahla.

V tomto katalógu je obsiahnutá základná ponuka.

Spracovanie špeciálnejších požiadavok
(oblúky, stĺpy, sokle, iné rozmery hladkých líšt)
sú v ponuke po dohode.

Our company offers plaster products
that are used for the interior and exterior decoration.

Because of the good high temperature endurance,
the products could be used as a fireplace decoration as well.

Our offer includes a wide range of variations of plaster processing.

This catalogue includes basic plaster variations.

After you requested, we are capable of processing goods
by your own arrangements such as arches, columns, different sizes etc.
